

Technical Specification Sheet

UNIC Searcher Hooks

Overcome tricky soffits and overhangs with this new line of searcher hooks for our Unic mini cranes.

Available with a range of capacities including 300kg, 500kg, 700kg or 800kg, the searcher hook can be set at 20° intervals to ensure a precise placement of a load.

Our searcher hooks complement our range of compact UNIC spider cranes.

All of our searcher hooks come with tilt angles: 0°, 20°, 40°, 60°.

We also stock a range of fly jibs for our mini crane and pick & carry crane range.

If you need help picking the correct searcher hook or flyjib, feel free to give our friendly team a call.
