

Technical Specification Sheet

Donut Vacuum Lifter ^(MSL55)

The Donut Vacuum Lifter has effective gripping action for safe lifting of polished paving slabs, tiles and stone flooring.

Paving stones can be quickly picked up using the lifter's simple push'n'go style vacuum, helping to minimise strain from manual handling.

Features

- Capacity: 25kg
- Diameter: 280mm
- Vacuum application and release on handle
- Suitable for non-porous stone
- Handle height: 740mm
- Weight: 5kg
